Re: Requested Actuarial Note for House Bill 1505, Printer’s Number 1712, Amendment A01867

Dear Chairman Roae:

This letter responds to your September 11, 2023 request concerning an actuarial note for Amendment A01867 to House Bill 1505, Printer’s Number 1712. The bill would amend Title 71 (State Government) of the Pennsylvania Consolidated Statutes to provide cost-of-living adjustments (COLAs) to certain annuitants of the State Employees’ Retirement System (SERS) that served as State Police officers and retired prior to July 1, 2010. The COLAs range from \$1,000 to \$3,000 per annum depending on the year of retirement. The Independent Fiscal Office (IFO) determined that the bill would have a material cost impact and released an actuarial note on July 13, 2023. That note is available on the IFO’s website, and a summary of the impacts is shown in the table below.

House Bill 1505, P.N. 1712 Impact Summary	
	SERS
Individuals impacted	2,935
Lifetime increase in benefits	\$69.9
Annual amortized costs (10 years)	\$5.9
<u>Initial change in:</u>	
Unfunded Actuarial Liability	\$41.8
Funded ratio	-0.05%
Employer contribution rate	0.08%
Notes: Dollars in millions. Data from SERS, calculations by the IFO.	

Amendment A01867 would require the IFO to calculate the portion of the current unfunded liability that was incurred by COLAs which commenced in 2003 for certain SERS annuitants. The results of the calculation shall be transmitted to the Legislative Reference Bureau for publication in the first available issue of the Pennsylvania Bulletin following transmission. The amendment would not alter the prescribed COLAs in the base bill.

Under section 615-B of the Administrative Code of 1929, the IFO reviews legislative changes that could affect public employee pension or retirement plans and provides actuarial notes for such legislation. The IFO determined that the actuarial cost impact associated with Amendment A01867 to House Bill 1505, Printer's Number 1712 is de minimis and no further actuarial analysis is required. The office reviewed the legislation for actuarial cost impact only, and not for potential legal, administrative or policy implications.
